Bio

Bird & Bloom consists of Rebecca and Maddie - mom and daughter (and best buddies!). With Rebecca on keys and vocals, and Maddie on cello and vocal harmonies, they add a new dimension to songs from across the decades. Rock, pop, musical theater, country, folk... they've got a little bit of everything.

For most of their lives, Maddie and Rebecca devoted their musical talents to church and school groups... until the summer of 2020 when they started playing out at open mics and found a passion for creating their own covers of all the music they love, plus a few originals as well! Since then, they have performed at a wide variety of venues throughout Wisconsin and northern Illinois, and they've been featured on several albums. They are always looking for new songs and genres to explore, and new areas to perform in.
